

ENUGU STATE ELECTRICITY REGULATORY COMMISSION

ORDER NO. EERC/2025/002

ORDER ON THE VIOLATION OF THE COMMISSION'S ESTIMATED BILLING CAPS BY MAINPOWER ELECTRICITY DISTRIBUTION LIMITED, AND CONSEQUENTIAL REFUND TO CUSTOMERS AFFECTED BY THE OVER-BILL IN THE APRIL 2025 ESTIMATED BILLING, AND OTHER MATTERS RELATING THERETO

WHEREAS:

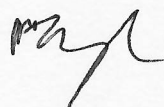

- (1) The Enugu State Electricity Regulatory Commission (the Commission) began tracking the estimated billing practices of MainPower Electricity Distribution Ltd (MainPower) from October 2024, when the Commission assumed full regulatory control in Enugu State from the Nigerian Electricity Regulatory Commission (NERC).
- (2) The Commission wrote the first of several letters to MainPower on this subject via its letter dated 16th December 2024, wherein the Commission raised issues on the MainPower's October 2024 estimated billing report.
- (3) The issues raised in the Commission's letter dated 16th December 2024 were not adequately addressed by MainPower in their response letter dated 14th January 2025.
- (4) The Commission, in its letter to MainPower dated 4th April 2025:
 - (a) Called MainPower's attention to its continuous estimated billing violations from October 2024 to February 2025; and
 - (b) Gave notice to MainPower that the Commission would be constrained to commence enforcement action if no significant improvement was observed in MainPower's estimated billing within the next two billing cycles.

- (5) The Commission, in the Interim Licence Extension Order issued to MainPower, dated 22nd April 2025, raised MainPower's estimated billing caps to reflect the increased energy off-take recorded by MainPower since the Commission's assumption of full regulatory control in Enugu State.
- (6) The Commission, in its letter to MainPower dated 6th May 2025:
 - (a) Called MainPower's attention to the suspiciously striking similarity between MainPower's estimated billing reports in February and March 2025; and
 - (b) Gave MainPower 14 days from the date of receipt of the letter to provide an explanation, if any
- (7) The 14 days given to MainPower to respond to the Commission's letter dated 6th May 2025, expired on 23rd May 2025 without any response from MainPower.
- (8) The Commission recently reviewed MainPower's April 2025 estimated billing report, and observed that the degree of violation of the caps on estimated billing by MainPower had further deteriorated from the 24% observed in February and March 2025, to 34% in April 2025.

THE COMMISSION THEREFORE HEREBY ORDERS AS FOLLOWS:

1. The Commission has established that MainPower is in deliberate breach of the Commission's stipulations in the terms and conditions of MainPower's Interim Licence with respect to the capping of estimated billing.
2. In the exercise of its powers under the Enugu State Electricity Law 2023, and its regulations, the Commission hereby orders the following enforcement actions against MainPower:
 - (i) That MainPower shall refund the equivalent number of energy units in the April 2025 over-bill to the affected customers;
 - (ii) That MainPower shall refund the over-billed energy units to the affected customers within the June 2025 billing cycle, but not later than the July 2025 billing cycle;

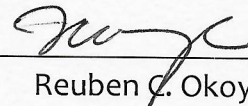

- (iii) That in effecting the refund, MainPower shall introduce a line item in their estimated billing termed "Overbill", which line item shall bear the energy refund to the affected customers, and netted off the current month's estimated consumption for bill calculations, in accordance with the "Template for April 2025 Capped Over-bill Refund" attached to this Order;
 - (iv) That where MainPower fails or neglects to comply with this Order, it shall constitute a violation of section 32(5) of the Enugu State Electricity Law 2023, and MainPower shall be liable to pay a fine not exceeding N500,000.00 (Five Hundred Thousand Naira) for each day that MainPower may be in default of compliance with this Order.
3. This Order and the obligations created herein shall take effect from 30th May 2025.

DATED this 30th day of May 2025
